

CONDENSED INTERIM FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED JUNE 30, 2021 AND 2020

(Unaudited – Expressed in Canadian Dollars)

NOTICE TO READER

Under National Instrument 51-102, Part 4, subsection 4.3(3)(a), if an auditor has not performed a review of the condensed interim financial statements, they must be accompanied by a notice indicating that the condensed interim financial statements have not been reviewed by an auditor.

The accompanying unaudited condensed interim financial statements of Dolly Varden Silver Corporation (the "Company") have been prepared by and are the responsibility of management. These condensed interim financial statements for the six months ended June 30, 2021 have not been reviewed or audited by the Company's independent auditors. All amounts are stated in Canadian dollars.

DOLLY VARDEN SILVER CORPORATION
Notes to the Condensed Interim Financial Statements
For the six months ended June 30, 2021 and 2020
(Unaudited – Expressed in Canadian Dollars)

1 NATURE OF AND CONTINUANCE OF OPERATIONS

Dolly Varden Silver Corporation (the “Company”) was incorporated under the *Canada Business Corporation Act* in the province of British Columbia on March 4, 2011 and is a public company listed on the TSX Venture Exchange (the “Exchange”) under the symbol “DV”. The Company’s primary business is the acquisition and exploration of properties in Canada. The Company’s head office is Suite 1800 – 555 Burrard Street, Vancouver, British Columbia, Canada, V7X 1E5. The registered address and records office of the Company is located at Suite 1700, Park Place, 666 Burrard Street, Vancouver, British Columbia, Canada, V6C 2X8.

The Company owns interests in multiple mineral titles and claims in British Columbia, Canada. The recoverability of amounts shown for exploration and evaluation assets is dependent upon the discovery of economically recoverable reserves and confirmation of the Company’s interest in the underlying mineral claims, the ability of the Company to obtain necessary financing to satisfy the expenditure requirements and to complete the development of properties, and upon future profitable production or proceeds from the disposition thereof. Management believes that the Company has sufficient working capital to maintain its operations and activities for the next fiscal year.

The outbreak of the coronavirus, also known as COVID-19, continues to impact worldwide economic activity. The extent to which the coronavirus may impact the Company’s business activities will depend on future developments, such as the ultimate geographic spread of the disease, duration of the outbreak, travel restrictions, business disruptions, and the effectiveness of actions taken in Canada and other countries to contain and treat the disease. These events are highly uncertain and, as such, the Company cannot determine their long-term financial impact at this time. Federal, provincial and local governments issued public health orders in response to COVID-19, which caused the Company to allocate additional resources to ensure compliance with health orders. Other draft Federal COVID-19 relief initiatives also impacted the Flow Through Share program which modified the Part 12.6 tax calculation and as such the Company has not made any allowance for Part 12.6 tax during the six months ended June 30, 2021.

2 BASIS OF PRESENTATION

(a) Statement of Compliance

These condensed interim financial statements have been prepared in accordance with International Accounting Standard 34 *Interim Financial Reporting*. They do not include all of the information required for full annual financial statements and should be read in conjunction with the Company’s audited financial statements for the fiscal year ended December 31, 2020, which have been prepared in accordance with International Financial Reporting Standards (“IFRS”), as issued by the International Accounting Standards Board, and interpretations issued by the International Financial Reporting Interpretation Committee.

These condensed interim financial statements were approved by the Board of Directors on August 20, 2021.

(b) Basis of Measurement

These condensed interim financial statements have been prepared on the historical cost basis, except for certain financial instruments, which are measured at fair value. In addition, these condensed interim financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

(c) Functional and Foreign Currency

These condensed interim financial statements are presented in Canadian dollars, which is the Company’s functional currency. Foreign currency transactions are translated into Canadian dollars using the exchange rates at the date of the transactions. Foreign exchange gains or losses resulting from the settlement of transactions and from the translation at year-end rates of monetary assets and liabilities denominated in foreign currencies are recognized in net income or loss.

2 BASIS OF PRESENTATION (cont'd)

(d) Use of Estimates and Judgments

The preparation of these condensed interim financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed interim financial statements and the reported amounts of revenues and expenses during the period. These and other estimates are subject to measurement uncertainty and the effect on the condensed interim financial statements of changes in these estimates could be material. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Significant Accounting Judgments

Significant accounting judgments that management has made in the process of applying accounting policies and that have the most significant effect on the amounts recognized in the condensed interim financial statements include, but are not limited to, the following:

- i) Recoverability of the carrying value of the Company's exploration and evaluation assets
Recorded costs of exploration and evaluation assets are not intended to reflect present or future values of these properties. The recorded costs are subject to measurement uncertainty and it is reasonably possible, based on existing knowledge, that a change in future conditions could require a material change in the recognized amount.

Critical Accounting Estimates

Key assumptions concerning the future and other key sources of estimation uncertainty that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities include, but are not limited to, the following:

- i) Share-based payments
The fair value of share-based payments is determined using the Black-Scholes option pricing model. Such option pricing models require the input of subjective assumptions, including the expected price volatility, option life, dividend yield, risk-free rate and estimated forfeitures at the initial grant date.
- ii) Estimating useful life of equipment
Depreciation of equipment is charged to write-down the value of those assets to their residual value over their respective estimated useful lives. Management is required to assess the useful economic lives and residual values of the assets such that depreciation is charged on a systematic basis to the current carrying amount. The useful lives are estimated having regard to such factors as asset maintenance, rate of technical and commercial obsolescence, and asset usage. The useful lives of key assets are reviewed annually.

DOLLY VARDEN SILVER CORPORATION
Notes to the Condensed Interim Financial Statements
For the six months ended June 30, 2021 and 2020
(Unaudited - Expressed in Canadian Dollars)

2 BASIS OF PRESENTATION (cont'd)

(d) Use of Estimates and Judgments (cont'd)

iii) Deferred income taxes

Judgment is required in determining whether deferred tax assets are recognized in the condensed interim statement of financial position. Deferred tax assets, including those arising from unutilized tax losses require management to assess the likelihood that the Company will generate taxable earnings in future periods, in order to utilize recognized deferred tax assets. Estimates of future taxable income are based on forecast cash flows from operations and the application of existing tax laws in each jurisdiction. To the extent that future cash flows and taxable income differ significantly from estimates, the ability of the Company to realize the net deferred tax assets recorded at the date of the condensed interim statement of financial position could be impacted.

iv) Accrual of BC Mineral Exploration Tax Credit ("BC METC")

The provincial government of BC provides for a refundable tax on net qualified mining exploration expenditures incurred in BC. The credit is calculated as 20% of qualified mining exploration expenses less the amount of any assistance received or receivable. The determination of the expenditures that would qualify as mining exploration expenses was based on the previous years' tax filings and subsequent reviews by government auditors. BC METC will be recorded in net income or loss upon cash receipt or when reasonable assurance exists that the tax filings are assessed and the expenditures are qualified as mining exploration expenses.

(e) Comparative Figures

Certain prior period comparative figures on the condensed interim statements of cash flows have been reclassified to conform to the current period presentation.

3 SIGNIFICANT ACCOUNTING POLICIES

These condensed interim financial statements have been prepared on the basis of accounting policies and methods of computation consistent with those applied in the Company's audited annual financial statements for the fiscal year ended December 31, 2020.

4 PREPAID EXPENSES

(Unaudited - Expressed in Canadian Dollars)

7 EXPLORATION AND EVALUATION ASSETS

Title to exploration and evaluation assets involves certain inherent risks due to the difficulties of determining the validity of certain claims, as well as the potential for problems arising from the frequently ambiguous conveyancing history characteristic of many exploration and evaluation assets. The Company has investigated title to all of its exploration and evaluation assets and, to the best of its knowledge, title to all of its properties is in good standing.

Exploration and evaluation assets costs are set out below:

	Dolly Varden Property	
Balance, December 31, 2019	\$	3,726,426
Addition		302,808
Balance, December 31, 2020 and June 30, 2021	\$	4,029,234

During the years ended December 31, 2011 to 2018, the Company purchased the Dolly Varden Property, consisting of fee simple titles, mineral claims and mineral tenures in respect of certain lands located in the Kitsault area of British Columbia. The property is subject to a 2% net smelter return royalty ("NSR") of which one-half (or 1%) of the NSR can be repurchased by the Company for \$2,750,000 at any time.

During the year ended December 31, 2020, the Company acquired surface rights and fee simple lands where the exploration camp, offices, logging and sampling facilities, as well as core storage areas are currently located. The acquisition included a parcel of land located at waterfront. The total package had been previously leased annually by the Company from private owners. The transaction involves a payment of \$153,000 in cash and issuance of 192,061 common shares of the Company for a value of \$149,808.

As of June 30, 2021, the Company has deposits totalling \$91,000 (December 31, 2020 - \$91,000) as reclamation bonds for the property.

The following table summarizes the exploration and evaluation expenses incurred at the Dolly Varden Property:

	Three months ended		Six months ended	
	June 30, 2021	June 30, 2020	June 30, 2021	June 30, 2020

(Unaudited - Expressed in Canadian Dollars)

8 SHARE CAPITAL

Authorized: Unlimited number of common shares without par value.

Issued:

During the six months ended June 30, 2021, the Company issued 90,000 common shares pursuant to the exercise of stock options for proceeds of \$22,500.

Common Share Purchase Warrants

Common share purchase warrant transactions and the number of common share purchase warrants outstanding are summarized below:

	Number of Warrants	Weighted Average Exercise Price \$
Balance, December 31, 2019	-	-
Issued	7,983,198	1.10
Balance, December 31, 2020 and June 30, 2021	7,983,198	1.10

	Number of Warrants Outstanding	Exercise Price \$
August 22, 2022	7,983,198	1.10

The remaining life of the common share purchase warrants as of June 30, 2021 is 1.14 (December 31, 2020 - 1.64) years.

Compensation Warrants

Compensation warrant transactions and the number of compensation warrants outstanding are summarized below:

	Number of Warrants	Weighted Average Exercise Price \$
Balance, December 31, 2019	-	-
Issued	845,070	0.71
Balance, December 31, 2020 and June 30, 2021	845,070	0.71

	Number of Warrants Outstanding	Exercise Price \$
August 22, 2022	845,070	0.71

The remaining life of the compensation warrants as of June 30, 2021 is 1.14 (December 31, 2020 - 1.64) years.

8 SHARE CAPITAL (cont'd)

Stock Options

The Company has a stock option plan under which it is authorized to grant share purchase options to executive officers, directors, employees and consultants enabling the holder to acquire up to 10% of the issued and outstanding common shares of the Company. Under the plan, the exercise price of each option shall be no less than the discounted market price of the Company's shares prior to the grant in accordance with Exchange policies. Options are granted for a maximum term of 10 years.

Vesting is at the discretion of the Board of Directors. In the absence of a vesting schedule, such options shall vest immediately.

	Number of Options	Weighted Average Exercise Price \$
Balance, December 31, 2019	4,840,000	0.37
Granted	3,550,000	0.26
Exercised	(2,745,500)	0.36
Forfeited/expired	(407,000)	0.36
Balance, December 31, 2020	5,237,500	0.30
Granted	2,675,000	0.71
Exercised	(90,000)	0.25
Balance, June 30, 2021	7,822,500	0.44

The Company had outstanding stock options enabling the holders to acquire common shares as follows:

Date of Expiry	Exercise Price	June 30, 2021	December 31, 2020
July 29, 2021	0.40	500,000	500,000

8 SHARE CAPITAL (cont'd)

Stock Options (cont'd)

The following weighted average assumptions were used for the Black-Scholes valuation of stock options granted:

For the six months ended	June 30, 2021	June 30, 2020
Risk-free interest rate	0.68%	1.16%
Expected dividend yield	0%	0%
Annualized stock price volatility	91%	105%
Expected life of options	5 years	5 years
Expected forfeiture rate	0%	0%

Deferred Share Units ("DSU")

The Company has a DSU plan that entitles certain directors and officers to receive the cash equivalent of the 58,270 DSUs issued when they retire from the Company. In October 2015, the Company ceased further accruals under the DSU plan. During the six months ended June 30, 2021, the Company has recognized a decrease in the fair value of the outstanding DSU liability of \$15,392 (2020 – increase of \$21,482), which was recognized as directors' fees.

During the six months ended June 30, 2021, the Company paid, in addition to the DSU plan, directors' fees of \$43,725 (2020 - \$39,750) (Note 10).

Flow-through Premium Liability

The following is a continuity of the liability portion of the flow-through share issuances:

Balance, December 31, 2019	\$	255,355
Flow-through premium liability additions		1,201,900
Settlement of flow-through share premium liability pursuant to qualifying expenditures		(300,001)
Balance, December 31, 2020		1,157,254
Settlement of flow-through share premium liability pursuant to qualifying expenditures		(282,541)
Balance, June 30, 2021	\$	874,713

9 CAPITAL DISCLOSURE

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern to pursue other business opportunities and to maintain a flexible capital structure that optimizes the cost of capital within a framework of acceptable risk. The capital of the Company consists of items within shareholders' equity.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust its capital structure, the Company may issue new shares, issue new debt, or acquire or dispose of assets.

The Company is dependent on the capital markets as its main source of operating capital. The Company's capital resources are largely determined by the strength of the junior public markets, by the status of the Company's projects in relation to these markets and its ability to compete for investor support of its projects. There have been no changes to the Company's approach to capital management during the six months ended June 30, 2021.

10 RELATED PARTY TRANSACTIONS

During the six months ended June 30, 2021 and 2020, the Company incurred the following amounts charged by officers and directors (being key management personnel) and companies controlled and/or owned by officers and directors of the Company in addition to the related party transactions disclosed elsewhere in these condensed interim financial statements:

	Three months ended		Six months ended	
	June 30, 2021	June 30, 2020	June 30, 2021	June 30, 2020
Consulting fees ⁽³⁾	\$ 1,536	\$ -	\$ 1,536	\$ 10,000
Directors' fees	19,875	19,875	43,725	39,750
Exploration and evaluation ⁽³⁾	45,600	45,600	65,000	57,062
Management fees ^{(1) (2) (4)}	73,500	73,500	193,500	405,690
Share-based payments ^{(2) (3) (4)}	359,356	162,685	979,422	251,275
Office and administration ⁽⁴⁾	18,000	16,500	34,500	20,000
Total	\$ 517,867	\$ 318,160	\$ 1,317,683	\$ 783,777

(1) During the three months ended March 31, 2020, a corporation controlled by the former Chief Executive Officer and a former director of the Company received fees of \$152,414 in cash and \$120,000 in shares as a settlement fee on transition to new management. The management fees included this \$272,414 paid to the former Chief Executive Officer as a termination fee.

(2) The Company entered into a consulting service agreement with S2K Capital Corp. and Mr. Shawn Khunkhun, the Chief Executive Officer and a director of the Company. As at June 30, 2021, Mr. Khunkhun is compensated at a rate of \$24,000 per month (2020 - \$20,000). The Company is required to pay an equivalent to 24 months' pay plus an average of any cash performance bonus paid to Mr. Khunkhun in the previous two completed financial years if the consulting agreement is terminated by either party absent an event of default during the twelve-month period following the date of a change in control of the Company. If the agreement is terminated for reasons other than event of default, the Company is required to pay a sum equal to 12 months' pay to Mr. Khunkhun.

(3) Certain directors provided business consulting services to the Company, and \$1,536 (2020- \$10,000) was included in consulting expense for the six months ended June 30, 2020. Another director was paid indirectly through a corporation for technical geological work, which was included in exploration and evaluation expense.

(4) The Company entered into a consulting service agreement with Fehr & Associates and Mrs. Ann Fehr, the Chief Financial Officer of the Company. As at June 30, 2021, Fehr & Associates is compensated at a rate of \$12,000 per month where \$6,000 relates to the Chief Financial Officer services and \$6,000 relates to bookkeeping or administrative services performed by individuals other than the Chief Financial Officer.

Other related party transactions are as follows:

During the six months ended June 30, 2021 \$nil (June 30, 2020 - \$103,824) in fees were paid to corporations controlled by the former Chief Executive Officer and former director of the Company that provided office space, a corporate secretary, investor relations, and accounting and administration staff to the Company on a shared-cost basis.

At June 30, 2021, included in accounts payable is \$25,068 (December 31, 2020 - \$20,230) owed to directors, officers, and former directors and/or officers of the Company. These amounts are unsecured, non-interest-bearing and due on demand.

At June 30, 2021, included in accrued liabilities is \$36,140 (December 31, 2020 - \$51,532) accrued to independent directors for directors' fees outstanding related to outstanding DSUs.

11 FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Company's financial instruments recorded at fair value require disclosure as to how the fair value was determined based on significant levels of input described in the following hierarchy:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company's financial instruments include cash, receivables, deposits, accounts payable and accrued liabilities.

Financial Instruments

Cash is measured at fair value using Level 1 as the basis for measurement in the fair value hierarchy. The carrying values of amounts receivable, deposits, accounts payable and accrued liabilities approximate fair values due to the short-term nature of these instruments or market rates of interest.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below.

Credit Risk

The Company's credit risk is primarily attributable to cash and amounts receivable. The Company has no significant concentration of credit risk arising from operations. Cash consists of bank balances and demand guaranteed investment certificates at reputable financial institutions, from which management believes the risk of loss to be remote.

The Company limits its exposure to credit risk for cash by placing its cash with high quality financial institutions.

Liquidity Risk

The Company's ability to remain liquid over the long term depends on its ability to obtain additional financing through the issuance of additional securities, entering into credit facilities, or entering into joint ventures, partnerships or other similar arrangements. The Company's ability to continue as a going concern is dependent upon its ability to continue to raise adequate financing in the future to meet its obligations and repay its liabilities arising from normal business operations when they come due. As at June 30, 2021, the Company had a cash balance of \$21,439,021 (December 31, 2020 - \$23,645,088) to settle current liabilities of \$824,618 (December 31, 2020 - \$258,221), excluding the liability on flow-through share issuance.

Interest Rate Risk

The Company has cash balances subject to fluctuations in the prime rate. The Company periodically monitors the investments it makes and is satisfied with the credit ratings of its banks. Management believes that interest rate risk is remote, as investments are redeemable at any time and interest can be earned up to the date of redemption.

Price Risk

The Company is exposed to price risk with respect to commodity prices. The Company's future mining operations will be significantly affected by changes in the market price for silver. Precious metal prices fluctuate daily and are affected by numerous factors beyond the Company's control. The supply and demand for commodities, level of interest rates, rate of inflation, investment decisions by large holders of commodities and stability of exchange rates can all cause significant fluctuations in commodity prices.
